"Mr. C represents a modern vision of Old World sensibilities and stylish European glamour."

—Ignazio Cipriani

MR. C STORY

MODERN LUXURY
BY THE FOURTH
GENERATION OF
CIPRIANIS

Founded by Maggio and Ignazio Cipriani, members of the fourth generation of the legendary Cipriani family, Mr. C Hotels and Residences live up to the highest standards of design and are set in the most extraordinary global locations. Honoring the approach to hospitality and service that began at Harry's Bar in Venice, the brothers have made personalized attention offered with genuine care an integral part of Mr. C's DNA.

To make Mr. C a uniquely compelling luxury hospitality and residential brand for glamorous modern living, brothers Maggio and Ignazio Cipriani married their own contemporary sensibilities with knowledge gained from the generations of Ciprianis who came before them.

Their family's story began more than 90 years ago, in 1931, on a tiny street off of Venice's magnificent Piazza San Marco, where Giuseppe Cipriani opened Harry's Bar. In the decades that followed, its welcoming atmosphere and thoughtful attention to detail made this intimate space an iconic destination for stylish locals and international visitors, including a who's who of European royalty, literary figures, and global celebrities.

Mr. C Hotels and Residences were envisioned as places for guests and residents to enjoy simple pleasures provided with absolute sincerity. From classic cocktails to perfectly curated wine lists, lounges at Mr. C Hotels are the ideal spot for pre-dinner cocktails or a nightcap before settling in for the evening.

Cuisine inspired by the Italian kitchen is prepared using the finest, freshest regional and imported products in Mr. C restaurants. The atmosphere is gracious, and the service is impeccable, allowing guests to fully enjoy the company of their dining companions.

Mr. C's philosophy, "To serve is first to love," guides staff to offer flawless service and personalized attention to residents and their guests.

Mr. C Hotels and Residences blend contemporary amenities with discreet personalized service. Beautiful spaces, welcoming indoor and outdoor amenities, and venues for dining and socializing provide guests and residents with experiences that are elegant and effortless, polished yet warm. From a personal welcome by lobby staff and bartenders who shake the perfect cocktail to housekeepers with an eye for detail, service is delivered with care and discretion.

Mr. C Hotel, Coconut Grove, FL

Mr. C Hotel, Coconut Grove, FL

The Mr. C Collection continues to open new destinations that draw global enthusiasm and acclaim, including Mr. C Residences Jumeirah in Dubai, Mr. C Coconut Grove Residences in Miami, and most recently, Mr. C Residences West Palm Beach.

The background of the image is a dark blue field filled with a complex, abstract pattern of concentric, slightly irregular lines. These lines radiate from various points, creating a sense of depth and movement. The lines are lighter in color than the background, appearing as a pale blue or grey. The overall effect is a modern, architectural, and somewhat hypnotic visual texture.

Ignazio and Maggio Cipriani

Mr. C

Mr. C is a hospitality and residential property brand founded by brothers Ignazio and Maggio Cipriani. Members of the fourth generation of the Cipriani family, internationally renowned for restaurants, landmark event spaces, lounges and residences, Ignazio and Maggio were uniquely qualified to conceptualize a hospitality and residential brand that would bring the best of Old World and modern luxury together for today's most sophisticated clientele.

Both brothers Ignazio and Maggio had experienced hospitality on an international level while working for the family business, and this greatly influenced the development and vision for the Mr. C brand, ultimately defining its feel and ethos. This mindset is a commitment to making today's Mr. C experience effortless through sophisticated design, Old World simplicity, and European glamour.

As young travelers commuting between Europe and the United States, the brothers began seeking out ideal locations to launch and grow their brand. They selected the classically elegant community of Beverly Hills in Los Angeles to introduce their first Mr. C hotel. It was followed by New York City and South Florida with Mr. C Coconut Grove and most recently, Mr. C Residences West Palm Beach.

The background of the entire page is a dark blue color. Overlaid on this background is a complex, abstract geometric pattern. This pattern consists of numerous thin, light blue lines that form a series of concentric, slightly irregular shapes, resembling a stylized 'X' or a series of nested chevrons. The lines are most dense in the center and become sparser towards the edges, creating a sense of depth and movement. The overall effect is a modern, architectural aesthetic.
